Updates

Pinpoint gave updates from previous network meetings. These are outlined in the document: *Parental involvement network for parents of disabled children: feedback for June 2013 network meetings*. Additional updates were:

- pinpoint was successful in its bid for the parent participation contract with Cambridgeshire County Council. Pinpoint will therefore be working with parents for at least another two years.

Hot topic: Update on the Cambridgeshire County Council SEND Strategy and the Single Plan

Background

At the June 2012 network meetings parents were asked to identify the actions they wanted to see around 14 identified priorities in the new SEND strategy. The outcomes of these meetings can be seen on the pinpoint website: <http://pinpoint-cambs.org.uk/pinpoint-reports> and were presented to the SEND Project Board in February 2013.

Parents identified six top priorities in June 2012. At these June 2013 network meetings, pinpoint shared a hand out with the six priorities which showed the actions that parents had requested.

Pinpoint also shared a Parent Partnership Newsletter (Special Edition) which outlined how each of the 14 priorities was being addressed. See: <http://www.cambridgeshire.gov.uk/childrenandfamilies/specialneedsdisabilities/supportforparents/parentpartnership/parentpartnershipnewslettertrainingevents.htm> for a copy of the newsletter.

Parent feedback on actions for the six priorities

pinpoint put up each of the six priorities on the blue sticky wall and underneath each priority, the actions that were highlighted in the Parent Partnership (PPS) newsletter. Pinpoint then asked parents what they thought of the actions. In all of the meetings, there wasn't enough time to gather feedback on all six priorities so we worked through as many as possible, sometimes prioritising ones that parents felt were most important.

Parents' comments are listed below in bullet points under each of the priorities and under the specific actions for those priorities. Comments from professionals (from when parents' comments were fed back to them later in the meeting) are written in italics. Priorities and actions that were not discussed or commented on in the meeting are not listed.

Priority Continuing professional development for those who work or support children and young people with SEND

Action Training provided this year: recognised qualifications for all new SENCOs; qualifications for dyslexia; autism (Early Bird Plus); speech and language (Elklan); effective use of TAs; managing positive behaviour (Team Teach); restorative approach – promoting behaviour that builds and maintains relationships

- Optional? Cost of training?
- Ask parents what would training would help their children
- Training specific to child needs to take home strategies into account
- Who decides how personal budget is spend?
- Need to know about specifics of training e.g. course material
- Can parents help to decide about training courses, influence
- Parents don't know its being offered
- Tell parents about the courses – give options
- Structured conversation, topic for annual review
- What age does personal budget kick in – part of single plan
- *Reference to personal budget in legislation but no detail*
- *Clear protections on how personal budget will be used*
- *Schools will need to look at use of resources*

Priority Services should work together

Action Working to extend 'key working' approach to coordinate services, and provide emotional and practical support

- Consistency not 'luck of the draw' or individual relationships
- Professionals should co-ordinate not parent
- "I do everything!"
- Lead professional – brilliant idea
- Lead professional – respected, authority

Priority SEND provision needs to be regulated and accountable

- IPSEA recommended
- Enforcing SALT & NHS provision
- How do we make SALT and OT deliver?
- TAs not able to deliver SALT and OT programmes – training?
- Power lies with schools – how do we make them do it (implement services)?
- Dependency on SENCo / school – what happens when failing?
- Staff need training to deliver
- START should be on the side of parents
- Children being excluded from school trips
- No money for more SEN children in school budget – place refused? *Go to Local Authority Admissions Team*
- Go to Local Authority Admissions Team
- TAs not able to deliver SALT and OT programmes – training?
- *40% growth in statements, same money available*

Action Parents took part in reviews of mainstream Specialist Provision re: quality of provision

- What was this?

Action PPS Special Edition newsletter comparing attainment, attendance and exclusion with other LAs

- How?
- Comparison with other schools

Priority Parents want to be treated as equal partners

- Parent reviews removed from statement review
- Parents not represented at panel – transparency
- Parents want to be part of panel, rest of country different
- Parents would like an apology
- Don't get to see reports going to panel
- Parents should be at entire review meeting
- Professionals not responding to emails
- No letter or emails, need better communication
- Up to school to organise, what if they're not doing it?
- Parents not considered when setting meeting dates
- Professionals not turning up
- *Schools also have to have a local offer*

Action Achievement for All (AfA) programme, involving parents in 'Structured Conversations' to facilitate greater participation

- Would like to know which schools are involved, need to tell parents
- Which schools? Need more detail

Feeding back to commissioners and service providers

Commissioners and service providers joined the meeting at 7:30pm. After introductions and going over the ground rules, parents fed back on the priorities and actions from the morning. Comments from professionals are written in italics in the above section.

Update from commissioners:

Jane Ryder-Richardson, Head of Access for Enhanced Services, gave an update on the reforms to SEND at a national level with key highlights from the Children and Families Bill. See **Appendix 1**.

Helen Phelan, Principal Educational Psychologist, gave a talk on the Single Education, Health and Care (EHC) Plan, also known as the Single Plan. See **Appendix 2**. Helen asked parents to work in groups with service providers to answer questions on what would a good single assessment look like, what do you value about the current assessment process and system, and what would you like to change? Helen collected parents' responses which she will summarise and use for the development of the single plan.

Judith Davies, Commissioner for Enhanced Services, told parents that the statutory assessment process is being reduced from 26 to 20 weeks and shared a table which outlines the steps in the old and new processes. See **Appendix 3**. The new process will be practiced on statements from September 2013. Judith asked parents to feedback on how they would like to be involved in drafting statements in the new process. Parents fed back as follows:

- SEN worker / liaison officer / facilitator – will they be impartial? Won't know your child
- Let parent know you are trialling a process – open and transparent
- Prefer teacher, PPS
- Will liaison officer have access to reports? What would be helpful to have?
- 20 weeks still feels long
- Offer parents support for meetings
- What if timing is over summer holidays?
- Option: on-line chat, video conferencing?
- PSA has been good in the past, get participation right
- *New team, not START*
- *Going to try it with new statements*
- *Parents to be able to see everything that's submitted*
- *Meeting 2.5 – 3 hours, which professionals?*

Evaluation

We asked parents and professionals to feedback on the meetings by answering a few questions on a flip chart. This was voluntary so unfortunately feedback was not always gathered. Comments from professionals are in italics. See feedback below:

Feedback received via email after the meeting

- Thank you very much for this week's network meeting at Papworth. I always enjoy talking with the other mums and also with the service providers. I was a little disappointed that there was no one from the STAR team present, even though Michelle Docking was listed on the your website as due to be there. I would have liked to hear her responses to some of the points raised by the other parents, and at a time when we (parents) feel that the STAR team in not 'on our side' this view was reinforced by Michelle not being there.
- Thanks so much to you and the team for organising. This was my first pinpoint meeting, and although I joined late it was so useful. I felt so much like I'd finally stumbled upon a room of people who have the same issues and who are working together positively to improve them. Made me feel so much better, especially after having had a bad day with my son.

Next meeting

The next meeting will be held on 14th October 2013 from 6:30 – 9pm at the Daisy Children's Centre, Papworth Everard.

pinpoint actions

In response to issues raised at this meeting, we will:

1. Summarise and report findings to the Disabled Children's Action Group and SEND Project Board, and other groups that pinpoint is represented on.
2. Add the network meeting notes, presentations and summary report to the pinpoint website. Share the link in our weekly update.
3. Discuss key issues arising from the district network meetings at the county Partners in Commissioning (SEND) Group meeting in July 2013.
